Bauplan Windspiel-Elefant 300%

Hinweis:

Ich habe nur die Teile des Elefanten digitalisiert. Der Plan an sich ist nicht von mir. Sollte also etwas nicht passen wird's wohl am Plan liegen ;-)

Zusätzlich habe ich den kompletten Plan 500% vergrößert wodurch der fertige Elefant eine Größe von ca. 350cm hat.

Anfertigen der Schablonen:

Alle Seiten ausdrucken (darauf achten, dass die Seiten nicht skaliert werden!) und wie auf Seite 379 gezeigt bündig aneinander kleben - fertig.

Viel Spaß, Florian
